

CHILDREN ACROSS BORDERS

IMPACT REPORT

2018/2019

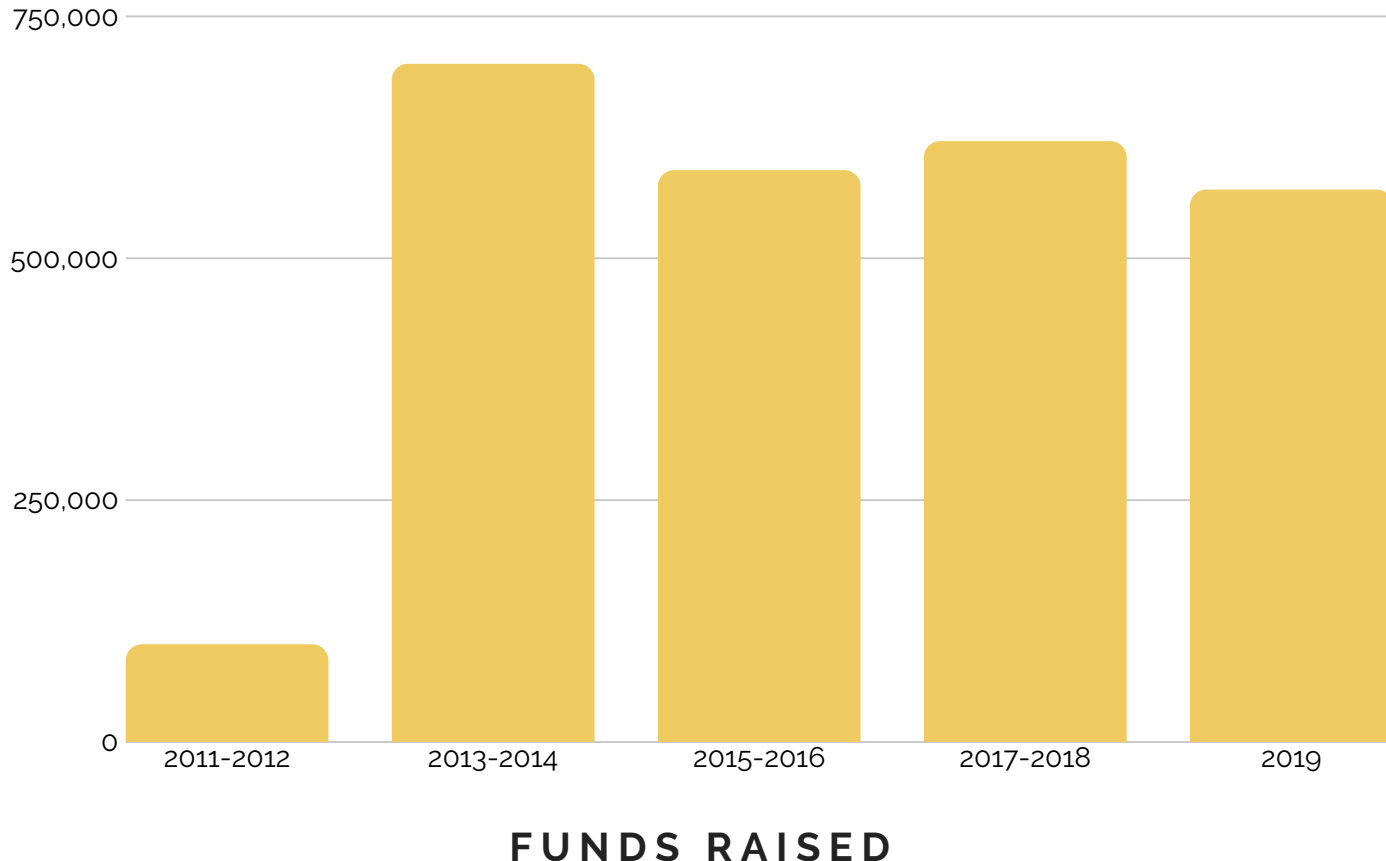

OUR NUMBERS

CAB is a global platform that enables profound, tangible impact through multiple beneficiary organizations focusing on education, health, shelter, and wellness in the United States and India. Each dollar directly benefits a child in one of CAB's sponsored programs.

Why give to CAB and not to a singular non-profit organization? Children Across Borders is dedicated to the tangibility, sustainability, programmability, and competency of each and every donation. This means that you can be confident that your dollar is directly touching a child in need. Whether it's a roof over their head, the assurance of a warm meal, or proper healthcare - the children under CAB's umbrella will see a brighter day because of your generosity.
